

# MIS3690 - Web Technologies

2020 Summer

Babson College

# Bootstrap

# What is Bootstrap?

- *"The most popular HTML, CSS, and JavaScript framework for developing responsive, mobile first projects on the web."*
  - [twbs/bootstrap](https://twbs/bootstrap)
- Bootstrap [Documentation](#)
- Bootstrap [Expo](#)

# Bootstrap features

- Really good looking UI
- Mobile first
- Multi-screen support (responsive design)
- Powerful grid system for design

# Alternatives

- Bulma: [website](#), [expo](#)
- Foundation: [website](#), [showcase](#)
- Materialize: [website](#), [showcase](#)

# Questions?
